

70th Annual Spring Wildflower Pilgrimage

Tips for Editing and Existing Registration

Where to go and how to Log in.

- Once you have registered, you may change your itinerary for any member of your party up until the days prior to the event (actual date TBD).
- Use your confirmation number and email address to login, then scroll to bottom of page and select “Already Registered?”, which is under the “Register – Program Selection” button.

Making changes.

- To change an itinerary for yourself or someone in your group, first navigate to the summary screen, which lists all attendees in your group.
- You may return to beginning of any registrant’s itinerary by first clicking on that person’s name in the box to the left. This will bring forward the record for that person.
- Next, click the “(Edit)” button next to their name on the screen and it will return you to the beginning of their registration (with Personal Information and Contact Information, etc.). If you do not wish to change any Personal or Contact information, simply click “Next” on the bottom right of the page and it will take you to the selections for that registrant.
- Now, select events not yet sold out.

Registering Multiple People

- Each person in your party needs an independent registration and schedule of events. Individuals can register separately, or one person can register everyone together with a combined payment.
- Your confirmation number will allow you to make any changes to your registration at any time prior to the week of the event.
- If your updated schedule differs from your badge, please provide current confirmation at the trailhead

Cancellation Policy

- We sincerely appreciate your support of this event and its mission to bring biologists and conservationists into contact with the public in one of the most biodiverse areas of North America. Due to financial commitments to vendors, partners, sponsors, and facilities, refunds are NOT provided. Fees will be used as a contribution to help support this event and keep it accessible to students and children.

Donations

- Please consider making a donation. Donations help reduce the cost to children, high school and college students. Over the past few years their numbers have averaged 100. Their exposure to wilderness now can be the seed for the guardians of the future. Any amount, even \$1 or \$5, is appreciated and is tax deductible. Donations by check please mail to: Tracy Deem, Treasurer Association of Southeastern Biologists 402 East College Street, Box 125

Bridgewater, Virginia 22812 PLEASE PRINT RECEIPT AT END OF REGISTRATION
